Site location:  
**Enfield, North London**

## Brief:

EdAct is a multi-academy trust with five sites across North London. They needed a modular building to serve as a classroom and therapy area for students with special educational needs.

The space was designed to be inviting and bright, creating a comfortable environment for students. In addition to the open-plan learning area, the building includes an integrated restroom.

## The Building:

- Single storey
- 1 x large open plan room
- Restroom with shower facilities
- Full ground works

## Delivery & Installation:

The new facilities were up and running within 4 weeks.
