

# Churchill Community College

## Brief:

Churchill Community College identified several structural issues with its existing buildings, rendering them unsafe for student use. To accommodate 200 pupils on-site, Maxi Space was tasked with supplying a series of functional modular buildings.

## The Building:

- 2 x storey
- 12 x classrooms
- 3 x staircases
- Restrooms
- Staffroom
- 4 x meeting rooms

## Delivery & Installation:

All relevant ground works, delivery and install were carried out within a 6 week period.

## Client:

## Site location:

**Wallsend, Tyne & Wear**
