

# Fordley Primary School and Nursery

## Brief:

When structural issues arose in the aging school buildings, North Tyneside Council urgently required temporary teaching facilities while repairs were underway.

Maxi Space was called upon to supply several modular buildings to accommodate up to 300 students. The objective was to quickly restore a classroom setting for the pupils during the repair process.

## The Building:

- 10 x classrooms
- 1 x nursery building
- Full ground works
- Post work landscaping

## Delivery & Installation:

It took just 12 weeks from the initial phone call to the first students using the new facilities.

## Client:

## Site location:

**Cramlington, Northumberland**
